MINUTES

Minutes of the April 14, 2015 meeting will be presented for approval at the May 12, 2015 meeting.

REPORTS/REMARKS

1. **Jim MacLean** presented a resolution in support of Bill H.R. 275, currently before the US Congress, to establish a Presidential Commission on Intercollegiate Athletics ([Attachment A](#)). After reading the resolution, MacLean asked for comments and discussion. A recommendation was make to take out the “Be it further resolved” since contacting Congress during University time and using University computers to do so is against the Ethic Policy. No other discussion. Vote was taken by show of hands. 29 yay, 0 nay, 1 abstain.

MacLean asked if there were any comments or discussion regarding the final report of the Faculty Senate President ([Attachment B](#)).

2a. **President Dunn**

No Report

2b. **Provost Ford** reported that admissions for admissions are up and applications for MA and PhD are down. Ford went on to say that effective May 1, provisional students will not be admitted which may impact the bottom line of enrollment for the fall, but it is felt that this is best practice. Ford stated that she is working with President Dunn on an official charge for the joint effort of the Faculty Senate and Graduate Council to evaluate programs on campus. Ford reported that the Board of Trustees approved a 5% raise in tuition and an increase for the student health care fee.

**G. Whaley** asked Provost Ford to address the "No new contracts policy for GS's“ and added that it is an awful policy and needs to be rescinded because it has created a situation where departments that were able to get contracts in by the arbitrary date have funded GA’s and other departments have none.

**Provost Ford** responded by saying that there is no clear signal out of Springfield about the budget. This makes planning impossible. Ford added that there have been a lot of conversations about this concern and everyone is well aware that taking GA contracts will affect SIU students. Ford stated that those who wrote contracts will have contracts and
added that she supports President Dunn’s decision to keep moving forward. SIU will be the first to show their hand. The consequence of budget cuts becoming visible may need to happen to get the attention of the governor.

G. Whaley stated that GA’s are very implemental in the teaching of foundational core courses and because of this decision, there are departments in the foundational courses that do not have GA’s to teach them.

Provost Ford replied that the Chairs of the affected areas have assurances in place if there are not GA’s for these courses.

A. Imre commented that perhaps these decisions should be made public so that the impact of the proposed budget cuts can make the news. Imre added that she is concerned about the timing of the final decisions being made during the summer when a lot of faculty are not on campus and asked that people are kept informed during the summer.
