

UNDERGRADUATE EDUCATION POLICY COMMITTEE

***Resolution to Recommend Approval of the RME for the Addition of
Sport Administration Major in the Department of Kinesiology
[as amended]***

WHEREAS the graduate program in Sport Administration has brought a great measure of success, and the College of Education and Human Services has proposed an addition of it as a major in the Department of Kinesiology; and

WHEREAS the sport industry has experienced extreme growth in the past ten years, a demand for individuals trained in Sport Administration; and with repeated requests for a major in this area by Southern Illinois University Carbondale students, it has the potential to increase enrollment for the Department of Kinesiology; and

WHEREAS the approval of an undergraduate major in Sport Administration will create diversity in the field of Kinesiology, can satisfy the demand for it at the undergraduate level, and serve as a feeder into an already popular Sport Administration graduate program while simultaneously expanding/increasing the enrollment;

THEREFORE BE IT RESOLVED, that the Faculty Senate recommend the RME to establish a major in Sport Administration in the Department of Kinesiology.
