

FACULTY SENATE EXECUTIVE COUNCIL

***Resolution Expressing Concern and Displeasure in
the Administration's Refusal to Incorporate the Faculty Senate's
Recommendations into the Proposed Sexual Harassment Procedures***

WHEREAS the Office of the President requested the Faculty Senate to review drafts of its revised sexual harassment policy and procedures in Fall, 2008; and

WHEREAS the Faculty Senate distributed a detailed survey regarding the policy and procedures to the faculty in November, 2008; and

WHEREAS the Faculty Senate's survey identified several areas of strong disagreement with the proposed procedures; and

WHEREAS the Faculty Senate passed a resolution (#0905) on November 18, 2008, stipulating numerous items regarding the policy and procedures; and

WHEREAS a number of these items remain in direct opposition to the Working Draft of Sexual Harassment Procedures (dated 08/28/2009) presented to the Faculty Senate by General Counsel and Associate Provost Susan Logue on October 13, 2009;

THEREFORE BE IT RESOLVED that the Faculty Senate (1) is concerned that the majority of its recommendations, developed through systematic faculty input, have been ignored; and (2) is displeased in the administration's refusal to include items from Resolution #0905 in the proposed Sexual Harassment Procedures (08/28/2009);

BE IT FURTHER RESOLVED that the Faculty Senate urges the SIU Board of Trustees to adopt the procedures developed by the SIUC faculty as detailed in Resolution #0905.
