

**UNDERGRADUATE EDUCATION POLICY COMMITTEE**

***Resolution to Recommend Approval of the RME for the Modification of the Bachelor of Science Degree in Business and Administration to Create an Online Degree Completion Program, College of Business***

**WHEREAS** the current B.S. degree in Business and Administration is under-utilized because it is specifically for students who have goals that cannot be met by any of the other related majors; and

**WHEREAS** an on-line degree represents a technological advancement that our University has demonstrated a strong interest in pursuing; and

**WHEREAS** an on-line B.S. degree in Business and Administration is designed to appeal to working and non-traditional students; and

**WHEREAS** this proposed on-line B.S. degree is designed for students who have completed an Associates Degree;

**WHEREAS** this will operate as a responsibility-center budgeted program, which therefore will add to the University's General Income Fund but will require no additional budgetary expenses;

**THEREFORE BE IT RESOLVED** that the Faculty Senate recommend the RME for the Modification of the Bachelor of Science Degree in Business and Administration to Create an Online Degree Completion Program.
